Frankfort, Ky.—Frankfort is to have practically a new telephone system, as Engineer L. C. Griffith, for the Telephone Co., arrived here from Louisville and immediately began work to locate an exchange. The company will probably buy the building and will install a complete new central energy system, with modern instruments and fixtures, at a cost of between \$45,000 and \$50,000.

JUDGE EMMET FIELD DIES.  
Was One of Kentucky's Most Distinguished Jurists.

Louisville, Ky.—After bidding a cheerful good-bye to a courtroom full of judges, lawyers and witnesses, Judge Emmet Field, one of Kentucky's most distinguished jurists, passed into his private life and a few minutes later suffered an attack of the heart, from which he died ten minutes later. The end came in the courtroom where he had spent twenty-two years of his life. A native of Louisville, a confederate soldier, a member of the Old Roman type, a man of the highest order of ability, a profound scholar and a master of the English language, Judge Field was respected as the dean of the Kentucky bench and one of the legal luminaries of the south. As a result of his death all the courts of Louisville, federal, county, circuit and city, deferred out of respect to his memory, and the bar associations and other legal organizations of the city and state have named committees to draft resolutions on his death.

St. Sterling, Ky.—The democratic primary here, from unofficial returns, showed as follows: Allen McCorkle, for county judge over C. P. Thomas; Walter Crooks, for sheriff over J. W. White; Earl W. Bennett, for Henry Watson for attorney; C. Wilson, for J. F. King, for clerk; R. Hunt, for circuit clerk; J. M. Oliver, for assessor, and M. J. Goodwin, for road superintendent.

Lexington, Ky.—The general council at a special meeting passed Mayor John's ordinance creating a water utility commission composed of five members of the council and five members of the Commercial club, to draft a plan for approval a 25-year contract between the Lexington Waterworks Co. and the city of Lexington.

Lexington, Ky.—Thomas J. McGuck, who was arrested twice for keeping a saloon and fined \$50 and costs the police court, sent a written note to the mayor to the effect that he was vested with any judicial power right to impose penalties. Upon receipt of this notice the mayor promptly revoked his license.

Williamsburg, Ky.—John Long and Hugh Hart were placed in jail here, charged with killing George Darby at Ash. The three had been out together. Darby was found dead from wounds. The jailer here found all the bars of the jail window had been sawed off. No prisoners escaped. Darby is blamed.

Covington, Ky.—The annexation of Covington in July will involve many changes. Among them is a probable increase of the number of aldermen from five to seven, the additional members to be chosen from that territory embraced by former Central Covington and Latonia.

Frankfort, Ky.—Rust and scale are poisoning the crop of wheat in Central Kentucky, as the result of heavy rains. The rainfall in May was 4.01 inches, the highest in many years for that month. The total rainfall for the year up to date is 3.12 inches. The wheat crop is now much damaged.

Louisville, Ky.—Allen R. White, for years connected with the Union National bank and for the past 11 years cashier, resigned. The resignation was accepted and J. H. Mershon was appointed to the place.

Louisville, Ky.—The third biennial convention of the National Fraternal Society of Deaf Mutes will be held in this city July 5 to 10 and elaborate preparations are under way for the entertainment of the guests.

Central City, Ky.—This city is in a gloom over the death of George Dovey, baseball magnate, who died on a train near Xenia, O. His youth and early manhood were spent here, and the entire community is mourning his loss.

McKinney, Ky.—Fire broke out in a woodshed's livery and feed stable at McKinney, destroying Denwood's stable, Adams' drug store, the Peavey store, a general store, a millinery and the telephone exchange. Loss \$40,000.

CAPITAL NOTES.

Good News for Jurymen.  
State Treasurer Farley sent notices to the jury commissioners holding auditor's warrants, to send them to him and he will pay them. Some of the jurymen over the state have been waiting for five or six months for their fees, there being no money in the treasury.

Date Set for Commission Meetings.  
The tax commission and the advisory commission, appointed by Gov. Willson for the purpose of suggesting and recommending to the legislature the changes needed in the tax laws of this state, have been called to meet in session at Estill Springs, Irvine, Ky., June 20, and at Paducah, July 6. The meeting will be held at Estill Springs at the same time that the Kentucky Press association meets there. The meeting at Paducah will be held on the day preceding the meeting of the State Bar association.

County Board School Law Upheld.  
The court of appeals upheld in every particular the new county board school law in the case of Charles O. Prowse, county judge of Christian county, against the county board of education.

Indemnity Company Not Liable.  
Money lost by a bank as a result of its cashier being robbed by highwaymen and bank robbers is not recoverable from the indemnity company bonding the cashier, is the opinion of the court of appeals in the case of the American Casualty Co. against the Ballard County bank of Bandana.

Governor Pardons Indian Refining Co.  
Asserting that the \$10,000 fine assessed against the Indian Refining Co. of Georgetown, for the pollution of Elk horn creek with the refuse oil from its plant is sufficient to cause the company to take every step possible to remedy the evil, Gov. Willson pardoned the pending indictments in the Franklin circuit court against the company. He refused, however, to remit the state's part of the fine, which would amount to nearly \$3,900.

Kentucky Flashes

Fullerton, Ky.—The county of Greenup has been redistricted into eight magisterial districts instead of six as formerly, and two more voting precincts have been added.

Cynthiana, Ky.—John W. Urnston, a wealthy farmer, died at his home in the Broadwell neighborhood from injuries sustained when he was gored by a bull some time ago.

Louisville, Ky.—Dr. J. R. Collier, chairman of the democratic city and county executive committee, will issue a call for a meeting for the purpose of fixing the order of nominations in the convention of July 2 and to hear reports of the legislative district chairmen.

Lexington, Ky.—The first meeting of the Central and Eastern Kentucky League of Postmasters was held here. The officers elected were J. A. Barnes, Owingville, president; Miss Pearl C. James, Muir, secretary, and Miss Ida M. Bauner, Stamping Ground, treasurer.

Frankfort, Ky.—Mrs. Margaret Barrett has been elected treasurer of the First Presbyterian church fund in this city, and bears the distinction of being the first woman in this state to have such an honor. She will handle about \$75,000. Her ancestors founded the church.

Frankfort, Ky.—Col. Jack P. Chinn, chairman of the state racing commission, failed to secure an affirmation of his \$2,500 judgment against the Foster Milburn Co., of Buffalo, as the court of appeals reversed the case. Judge O'Rear dissented. The case must be tried over again.

Frankfort, Ky.—The Louisville & Nashville Railroad Co. will be asked by a special committee from the Business Men's club for the free use of the railroad bridge over the river from North to West Frankfort. There is a charge made now for driving vehicles across the bridge.

Louisville, Ky.—The mandate from the circuit court of appeals in Cincinnati, ordering that Weber Bros. be ousted from the management of the Masonic theater here, is in the hands of local authorities, and the Grand Lodge of Kentucky will be given possession of the theater at once.

Frankfort, Ky.—Democratic candidates for salaried city offices to be elected at the November election will be nominated at a primary held August 4, and on August 6 the city committee will fix the time and manner of nominating the democratic candidates for city council and school board.

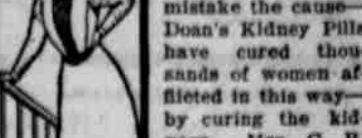

Lexington, Ky.—The continued wet weather has brought about the appearance of the wheat scale. Samples of wheat affected by this injurious fungus growth have been received at the Kentucky Experiment Station, and it is estimated that about 15 per cent of the crop has been injured.

Lexington, Ky.—As additional prizes for thoroughbred rings at the Blue Grass fair August Belmont donated a season each to Rock Sand and Hastings. Rock Sand's fee is \$1,500 and that of Hastings \$750.

WOMEN SUFFER NEEDLESSLY

Many Mysterious Aches and Pains Are Easily Cured.

Backache, pain through the hips, dizzy spells, headaches, nervousness, bloating, etc., are troubles that commonly come from sick kidneys. Don't mistake the cause—Doan's Kidney Pills have cured thousands of women afflicted in this way—by curing the kidneys. Mrs. C. R. Fossman, 113 S. Eighth St., Canon City, Colo., says: "Three years I suffered with rheumatism, dropsy and kidney complaint, and became utterly helpless. I found relief after using two or three boxes of Doan's Kidney Pills and kept on until cured. Doan's Kidney Pills have been a blessing to me."

ACCENT ON THE "PUS."

Teacher—Now, Jimmy Green, can you tell me what an octopus is?  
Jimmy Green—Yes, sir; it's an eight-sided cat.

Flies.  
God bless the man who first invented screens, and God pity the man who is too indolent or indifferent to place them between his family and the spreaders of deadly disease. There is absolutely no excuse for the man or woman whose place of habitation swarms with flies and whines with the voices of mosquitoes. They can be kept out, and 25 cents spent in keeping them out is equivalent to keeping out a doctor who would cost \$25, or possibly to keeping out a much less welcome visitor.

Her Decision and His.  
An earnest stage aspirant dramatically announced to the manager that unless she could obtain an engagement she would kill herself. To quiet the lady the manager agreed to hear her recite.  
He listened for a few minutes. Then he unlocked a drawer in his desk and handed her a revolver.—Lippcott's.

A Difference.  
There is a time in every man's life when the softly breathed "Yes" of a pretty woman sounds as loud to his ears as the notes of Gabriel's trumpet. Afterward there comes a time when she has to yell at the top of her voice: "John, John, it's time to get up," seventeen times before he becomes aroused enough to hear it.

Absent All Around.  
The absent minded professor returned home one evening, and, after ringing his front doorbell for some time to no effect, heard the maid's voice from the second story window: "The professor is not in."  
"All right," quietly answered the professor; "I'll call again." And he hobbled down the stone steps.—Lippcott's.

Enfant Terrible.  
"Come, Max, we must go home; it is two o'clock; dinner is waiting for us."  
"Oh, won't you stay, Mrs. Gadsby?"  
"Yes, mamma, do stay! Our old potchess will wait!"—Fleggenre Blaetter.

"Deed thin, ma'am, I don't know," replied Mrs. Dennis, raising herself from the washbasin and setting her dripping arms akimbo. "I did be thinking I'd give him a pair of pants, but, Lord bless ye, ma'am, only last night didn't he come home wid a pair on!"—Success Magazine.
